Maddy and the Food Bank

Maddy rings the bell. If people are in, they are always pleased to see her and have a chat.
Some people go to work. They leave a bag of food outside their front door for Maddy to pick up. Maddy collects from about 35 houses. It takes her an hour and a half. Sometimes she pops in for a drink and cake at one of the houses – then it takes longer!
Maddy’s PA drives them to the food bank. They take the bags of food in and empty them on a big table.

Maddy sorts the food into different boxes.
Most of the people wouldn’t give to the food bank without Maddy ringing on their doorbell every week. She is saving them the trouble of taking the food to the food bank themselves.

It’s great for the people who need the food.

Last September Maddy invited people to a coffee morning and raised £180 for MacMillan Cancer Care.

People who live near Maddy have got to meet her.
Some people thought Maddy wouldn’t be able to do this. We thought we’d give it a go anyway. You never know till you try!

Maddy’s been doing this for a whole year now 😊
